

# Scrap Art - Daffodils

## You Need

- Old cardboard egg cartons
- Old cereal boxes
- Yellow paint
- Green paint
- Glue
- Scissors
- Muffin/Bun cases

Use egg cartons for the inside of a daffodil (cut each cup out individually) and paint it yellow. Stick this onto a yellow circular piece of card (cut from the cereal box and painted yellow) add cut and green painted cereal card for the stem . Great for sticking on the outside of a Mothers Day card.

Alternatively use little muffin/bun cases, lay one out flat, paint with yellow and then add another one to the middle to give the inside of a daffodil.

Idea from NICMA Childminder Jacqui Harbinson Limavady
